Ibanag

English

ACOSTA, JOHN PAUL

Graphics Designer/Junior Web Developer

Profile

I'm an BSIT graduate with a basic background in web development and graphic design. I've worked with platforms like GoHighLevel, ClickFunnels, and WordPress to build simple, responsive websites. I've also created a few websites from scratch using HTML, CSS, JavaScript, PHP, and MySQL. I'm currently learning more about backend development and improving my skills in PHP and MySQL. I have a bit of experience using tools like Adobe Photoshop, Figma, and Canva for creating clean, user-friendly designs. In my free time, I've also experimented with game creation using Stencyl, building simple concepts like a Super Mario-style game. I'm still learning and trying to grow my skills, especially in graphic design and landing page creation.

Work Experience

2025

Rockstar Web Design services
